Due to the pandemic, exploring the great Australian outdoors has never looked better- Australians are taking more regular holidays in their own backyard.

With domestic travel getting the green light once vaccination rate reaches the 80% mark, travelers can now start planning ahead for an ultimate Christmas/Summer break.

“Regional destinations would be a popular choice for Australians who are looking to get away from the hustle and bustle of the city. Mackay is a gateway to paradise to some of Australia’s most stunning beaches and attractions - Such as visiting the kangaroos on the beach at sunrise at Cape Hillsborough. Truly an experience like no other.” said Mackay Airport Head of Operations, Mr Adrian Miles.

The tourism sector is ready to welcome back travelers. Airlines are raring to go with the best flight deals specially catered for domestic travelers.

Mackay Tourism Chief Executive Officer Tas Webber said with COVID-19 stopping international travel, Australians are more inspired to explore Australia’s regional areas and what they have to offer.

“This wonderful announcement from Jetstar will be an amazing opportunity for Sydneysiders to travel to the region. With new product coming on board such as Wildcat, Mackay is the place to be this summer break.

Jetstar’s new flight route announcement could not have come at a better time as there is a growing demand from Mackay locals wanting more interstate flights. The end goal is to have sustainable interstate routes.” Said Mr Webber.
